Logo Recognition *In order to ensure the best possible reproduction of your logo, we require that you send us an Adobe Illustrator file (.eps or .ai). All fonts in the logo should be converted to outlines, and please include the file extension (.eps) in the file name. Be sure to include a color version as well as a solid black version of your logo. A JPEG file is an acceptable formation for recognition on our Web site; however, we cannot guarantee that the quality of your logo will be preserved when a JPEG file is also submitted for reproduction on a T-shirt or banner. If we determine that the logo quality is at risk of being compromised, we will recognize your organization in printed text rather than with your logo.*
