

"WALK" YOUR WAY! DIY FUNDRAISER

So we've gone virtual... Now What?

The way we fundraise hasn't changed. You can still get your friends involved to support our Cause by doing what YOU love to do. We call this RAISING LOVE. Here are some ideas for you to use in this virtual world we have all become used to.

Host a dinner party online. Have your friends dress up, prepare dinner in their homes and then eat together. As the host/hostess, ask your friends for a donation to your Walk page. PS. maybe send them desserts in the mail!

Offer an online cooking/ baking class via Zoom. Prepare your favorite meal or baked treat and have people donate to be invited to this class.

Share your love of exercise and teach a class online. For a \$15 or \$20 donation, people can join and you lead them in a 30min or 60 min class.

SALE

Hold a socially distanced yard sale. Everyone is decluttering right now, Have friends support your efforts by donating items or stopping by to shop.

Bake Sale! Valentine's day, birthdays, anniversaries and more! Do you have a special family recipe that all your friends love? Bake and sell on social media or porch pickup! Have friends make "payment" to your walk page.

Do crafts for donations. Break out that sewing machine or cricut and start crafting. Post your items on social media and use the money people pay for the items as a donation

Host an online gaming tournament. Reach out to local businesses for prizes. Charge participants \$15 to join.

Partner with a local restaurant for take-out fundraiser where a certain % of sales goes to you! A win-win for all parties!

Write letters to your neighbors and drop in their mailboxes letting them know you are raising funds for our Walk. Ask them to join your team and make a donation.

Offer to run errands for elderly or immune compromised folks in return for a donation to your page.

Have a birthday coming up? Instead of gifts, suggest an online cocktail party and ask friends to donate to your page.

Drive-by Pancake Party! Perfect event to host on weekend. Advertise in your neighborhood and to friends & family. Charge per plate, throw in the coffee/ milk for free! \$10 per plate suggested donation.

Jail & Bail - "Kidnap" a boss, principal, owner of a restaurant, and ship them off to jail. They can post their own bail or they can solicit bail from friends, family, and employees.

Tutoring Services/ Homework Help. Everyone is struggling with online learning. Offer tutoring services in exchange for a donation to your page.

Ask friends to share your posts on social media and forward your emails. This is a great way to get donations. Include your fundraising link in EVERYTHING!
